

Sheet Music Library - Edge Case Tests

This document provides a series of tests to verify the rendering of edge cases in the sheet music library. Each test focuses on a specific aspect of music notation that may present challenges in rendering, as well as specific examples of buggy outputs provided from other developers.

Test 1: Dotted Note and Last 16th Note

Test 2: Multi-System First Ending with 8va, Chords, and Fingerings

The lower staff contains a dotted quarter note, a triplet of eighth notes, and a quarter note. The two staves are written in opposing voices, with the upper staff on a treble clef and the lower staff on a bass clef.

A slur labeled "cluster" spans several of these chords. The lower staff contains a series of chords, including a final one with a "5 3 2 1" fingering. The piece concludes with a *ff* (fortissimo) dynamic marking and the instruction *poco ten.* (poco tenuto).

Test 5: Inline Clef and Meter Changes Under Manual Spacing

A single staff of music showing multiple changes in clef and meter. It starts with a treble clef and 5/8 time, changes to a bass clef and 7/8 time, then to a treble clef and 3/4 time, and finally to a bass clef and 4/4 time.
