

Sheet Music Library - Edge Case Tests

This document provides a series of tests to verify the rendering of edge cases in the sheet music library. Each test focuses on a specific aspect of music notation that may present challenges in rendering, as well as specific examples of buggy outputs provided from other developers.

Test 1: Dotted Note and Last 16th Note

Test 2: Multi-System First Ending with 8va, 15ma, Chords, and Fingerings

Test 3: Nested Tuplets Inside Opposing Voices

Two staves of music in 6/8 time. The upper staff features a triplet of eighth notes, a quarter note, and another triplet of eighth notes. The lower staff contains a dotted quarter note, a half note, and a quarter note. The two staves are written in opposite directions, with the upper staff on a treble clef and the lower staff on a bass clef.

Test 4: Dense Chords with Accidentals, Slurs, Ties, and Text Stacks

A single staff of music in 4/4 time. It begins with a Bbmaj7 chord, followed by a series of chords with accidentals (sharps and flats). A slur covers a group of chords, with the word "cluster" written above it. The staff ends with a double bar line. Below the staff, the dynamic marking *ff* and the tempo marking *poco ten.* are present.

Test 5: Inline Clef and Meter Changes Under Manual Spacing

A single staff of music showing multiple meter changes. The staff starts in 5/8 time, changes to 7/8, then to 3/8, and finally to 3/4. The notation includes various note values and rests, with a double bar line at the end.

Test 6: Grace Bursts, Slashes, Markers, and Hairpins

A single staff of music in 4/4 time. It features a grace burst, a slash, a marker, and a hairpin. The staff includes various note values and rests, with a double bar line at the end.

Test 7: Separate Staves with Synchronized But Unconnected Barlines
